New Type Building Program Launched

Seventeen new, modern, air-conditioned classrooms are being added to high school to relieve the overcrowded conditions. Construction by J. & J. Wrigley Contractors goes on with little interference with regular work.

WHERE?

UNDERGROUND

Literally, under each present classroom, a new room is being constructed!

English, Speech, Journalism, and Spanish are tools through which the teachers and students of EPHS strive to develop a better means of expressing ideas, oral and written, in each language. To reach this goal, emphasis is placed upon reading, word and grammar usage, vocabulary development, and literary appreciation.

Science is Stressed

During the past few years, science has grown with a new importance in each of its basic fields. The school of today is attempting to recognize its position as it places emphasis on each phase in order to inspire and prepare the student for a broad basic knowledge of the various sciences. General science, biology, chemistry (two years), and physics are included in the EPHS curriculum. A minimum of two years is required; but students showing aptitude are encouraged to further their interest and knowledge.

Mathematics

Places Emphasis upon

Understanding of Numbers

A renewed effort is placed upon the understanding of the mathematical number system. Everyone is associated with mathematics; hence, emphasis is placed upon the type of high school mathematics which will be the most beneficial to the student in his future endeavors, yet a challenge to his present interest.

Health and Physical Education Offer a New Challenge

Health and physical education are not new, but a new emphasis must be stressed if the modern child in his modern world is to develop as a healthy, well-rounded individual, ready to take his place in a wholesome environment. He needs to develop skills and knowledge which will offer him a rich and happy pursuit of leisure time.

Activities

Club Meetings, Assemblies, Pep Rallies, and Social Functions are an Integral Part of Student Life.

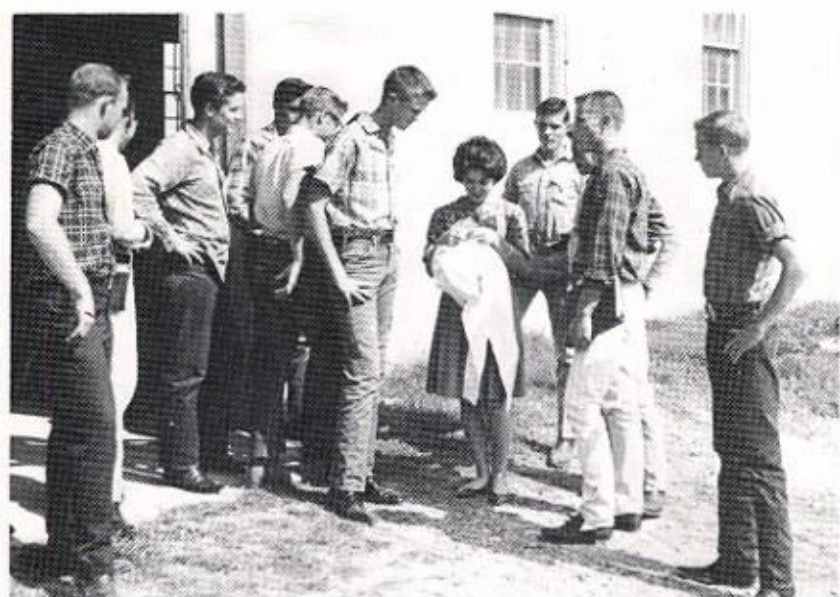

School is a place for *learning*. Classes, both formal and informal, are for this purpose; but other phases of activities are necessary in order to prepare the individual to lead an interesting and satisfying life.

As each person has an instinct or feeling of belonging—some to lead, others content to follow—clubs give each student an opportunity to grow; to learn; to lead; to work together; and to develop tolerance so that each will be better prepared to take his share of responsibility in his community, his nation, and the world.

Student Council

It is an honor to become a member of the Student Council, the club which is the nucleus of Clubs in E.P.H.S. Membership by election only is based upon leadership, dependability, and a C grade average. Each class is given a designated number of members with each homeroom having at least one representative.

The Council strives to promote interesting and worthwhile activities.

Ad and Homeroom Salesmen Vital to Success

El Cenizo

Each year the real backbone of the success or failure of a year-book depends upon many workers. Foremost among these are the SALESMEN; for no matter how good the ideas, they can not be used unless ads and books are sold. We, the staff, and you, the students, owe these people a vote of thanks for their untiring efforts to SELL.

Hi-Light Club

The Eagle Pass *Hi-Light* is a school paper published twice a month by the students of the Eagle Pass High School. The paper is issued in the interest of the student body, faculty, and community, thus attempting to attain several objectives. It gives our school a spirit of unity by making known the activities of members of the school or of the school as a whole. It informs the community of the school's activities and by so doing, brings more outside interest and publicity to our school. It gives the students an opportunity to express their opinion and use the press which will help to mold them into straight thinking citizens which American schools strive to produce.

Tennis

Tennis, unlike many other sports, is one which may be enjoyed all through life. The sport itself teaches one self control as well as co-operation and courtesy.

Hector Ruiz and Luis Martinez practice for district meet to be held at Uvalde Junior College.

TENNIS: Back row (L-R): Bobby Castillo, Luis Martinez, Hector Ruiz, Billy Esparza, Donald Taylor, Ridge Butler, Rolando Menchaca, John Riskind. Front row (L-R): Ma. Elena Zamarripa, Shirley Smith, Carmen Caballero, Barbara Downing, Linda Harr.

Track

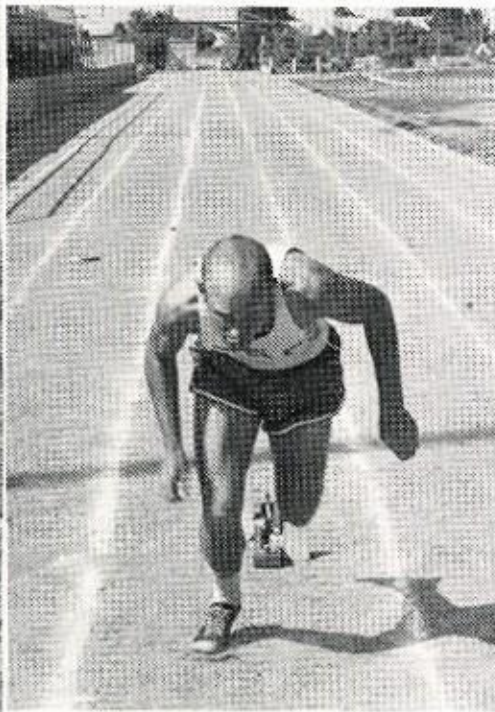

Track in high school helps prepare an individual for his future. It gives him a chance to work with a team which is a means toward helping him in any job he undertakes after finishing high school.

As a result of team work, he will be better prepared to work with people. Track will also teach an individual to learn to lean upon his own abilities after a job or race has been undertaken. This will contribute to making him a stronger man for the future.

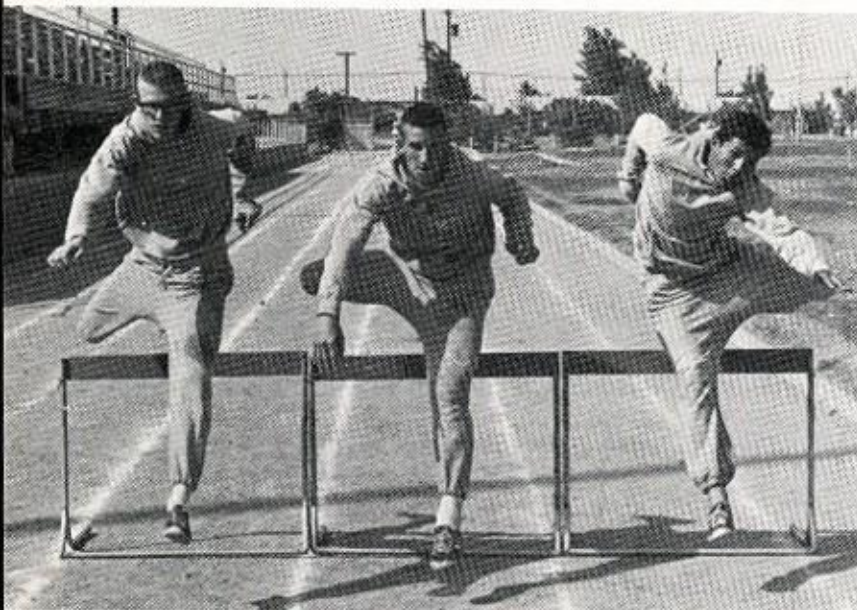

TRACK TEAM: Back row (L-R): Coach Turnbow, C. Innes, W. De La Garza, A. Gonzalez, J. Garcia, J. Flores; manager. Second row: C. Cage, A. Frausto, R. Clifford, A. Olivares, M. Slaughter, M. Off To State Meet...

Antonio Gonzales and Charles Innes placed 2nd in 880 and 220 respectively at region and will represent EPHS at State.

Guillermo de la Garza thrust himself over the 12 ft. mark with ease, but failed to place in regional meet.

Jon King Keisling, Bobby McMillan, and Ernesto Crosby practice diligently for perfection of hurdling style.

High jump offers no resistance to Mike Slaughter as he clears the bar.

Distance Men Are Backbone Of Track Team

SPRINT RELAY: Antonio Garcia, Mickey Guillot, Richard Clifford, Adolfo Olivares.

MILERS & HALF MILERS: Augustin Fernandez, Othon Saldana, Antonio Gonzalez, Maurice Baron, Juan Garcia, Jesus Guerrero (kneeling).

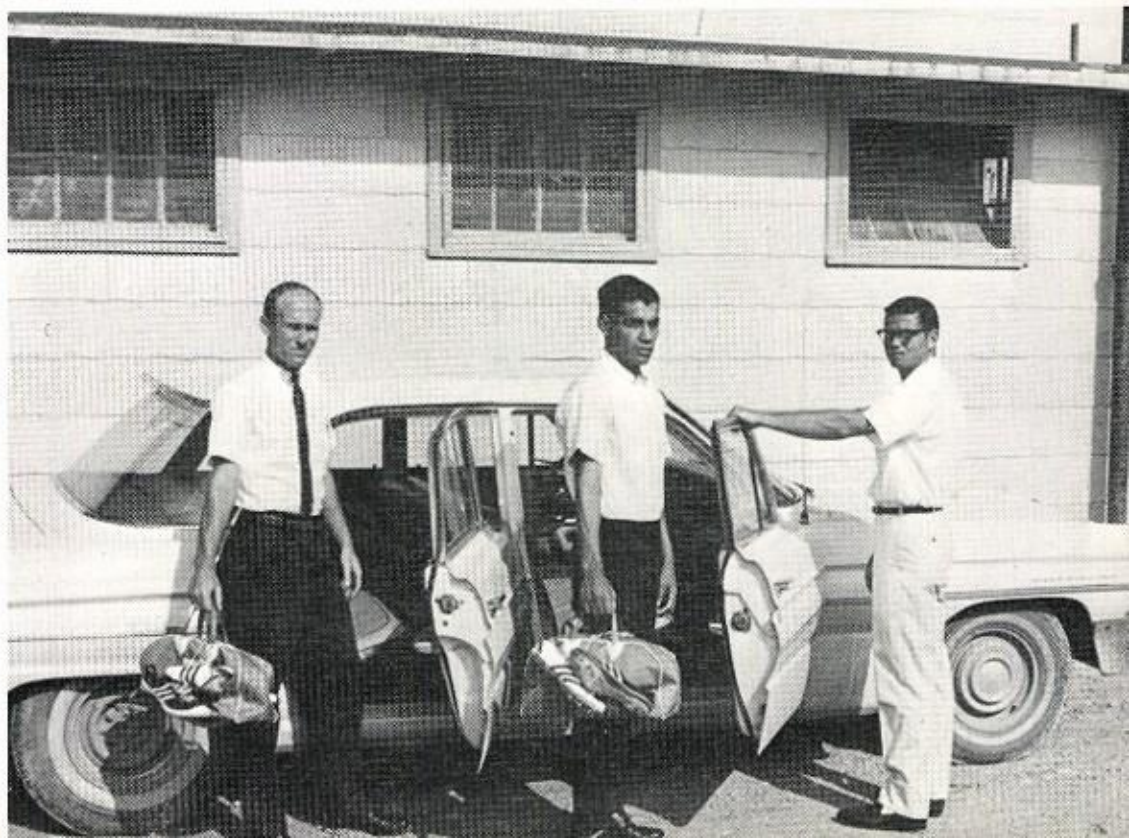

MILE RELAY: Charles Innes, Antonio Gonzalez, Alvaro Frausto, Antonio Garcia.

WEIGHT MEN: Enrique Casales, Claude Cage.

Charles Innes and Antonio Gonzalez leave with Mr. J. Turnbow for State meet. Antonio Gonzalez placed 3rd at State in 880.

Baseball

America's favorite pastime is taking a firmer grip in Eagle Pass. High school boys not only compete in a highly skillful game, but have the opportunity to be seen by college and professional scouts.

Tony Sanchez and Larry Moncada "bone up" on strategic plays previous to district games with South San.

BASEBALL: (back row L-R): Trainer, Roberto Garza, Rudy Garcia, Mickey Guillot, Joe Flores, Ricardo Lopez, Tony Sanchez, Rogelio Olguin, Felipe Spiegel, Coach, Mr. Leopoldo Moncada, middle: Manuel Escontrias, Larry Moncada, Adolfo Olivares, Billy Frausto, Guillermo de la Garza, Rogelio Escontrias, Richard Clifford; front row: trainer, Jesus Guerrero, Hector Cortinas, Jaime Kypuros, Valentine Garza, Juan Manuel Farias, Joseph Schwartz, Juan Gonzalez.

District Opens With John Marshall

Joe Flores tosses 1st ball in District 15AAA with John Marshall on the local field.

The pitcher's mound is also home for Richard Lopez, a hearty backer on the *Eagles* pitching staff.

EPHS students hold pep rally for Eagles as team leaves for a district game with South San.

Situations like this call for speed; the *Eagles* have plenty to spare as J. M. Schwartz comes up with a base hit on this "piker."

Jaime Kypuros belts another base hit for the varsity team.

Eagles anxiously await outcome of hard hit ball which dropped behind fence, but was caught by a spry South San *Bobcat*.

◀ The center of all operations, the *Eagle* bench.

'Sonny' Flores, *Eagle* first baseman, scoops one out of the dirt to clinch the play.

A principal trait in baseball is to have a watchful eye; Jaime Kypuros applies this and hopes to come up with a base hit.

The opposing side is retired with Juan Gonzales' catch of a high infield hit.

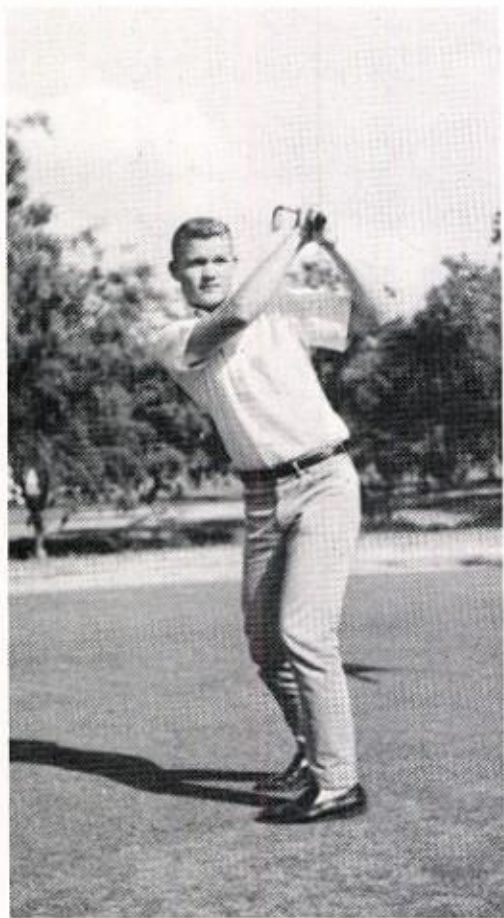

The EPHS EAGLES made an excellent showing in District 15AAA during '64 season with 17-6 season record and a 6-2 district record which gave them a 2nd placement in the district. Both district defeats came from the hands of the South San *Bobcats*; 7-6, 5-3; this, however, is nothing to be ashamed of as the *Bobcats* have held the district title the past several years.

Golf

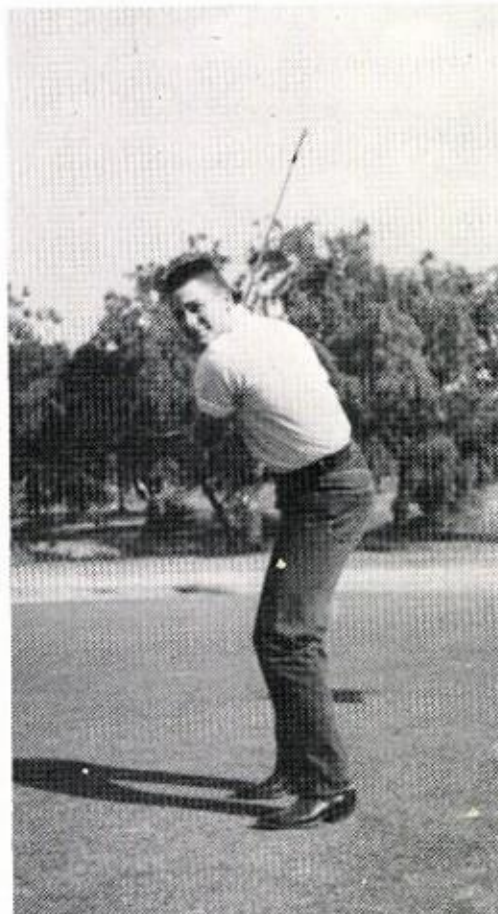

Golf is probably the most rapidly developing sport in high school today. More and more schools are recognizing this and almost all are either in the process of developing a golf program or already have one. Due to the climate in this part of the U.S., it may be predicted that golf will continue to expand as an inter-scholastic sport.

Juniors Open Talent Show Season *(after much practice) With Twenty Acts*

From the time of entry into high school, each class looks forward to the second half of the Junior year for this is the time of the long awaited Junior Talent Show. Each year it has a different name, but the ideas and purposes are somewhat the same. Any Junior or any group of Juniors may *try-out* for whatever idea or talent one feels will make the show a success. While some dance, sing, or present a short drama, others help with stage settings, props, lights, announcing, and the all important *curtain job*. When the last curtain goes down and "Yea Juniors!" echoes through the auditorium, everyone knows—

THE JUNIORS HAVE DONE IT AGAIN.

Roberto Olivares, Billy Frausto, Mike Flores, and Bobby Castillo (on piano behind Billy Frausto), get first billing on the program.

Raul Trevino and group enact lively pantomime of "Little Richard."

"What's cooking?" asks Jon King Keisling.

Albert Collett, Linda Collett and Lupe Lopez sing, as Billy Frausto provides the beat.

Bullet Beard and Gary McMillan join to bring the audience an interesting duet; "Yellow Bird."

Seniors Present Old-Time Vaudeville Show on March 19 Before a Responsive Audience

Each year the seniors organize their combined ideas and efforts into a talent show. They practice for a hurried and usually limited time until the show is as near perfection as time allows. The profit is combined with that of the Juniors to finance the Junior-Senior Prom.

"I wasn't doin' nuthing, Joe," said Billy Esparza to Tony Sanchez as they acted out a J. G. . . .

Carole Brown, Harryette Jobes, Linda Valdez, and Carol Wueste sing their troubles away.

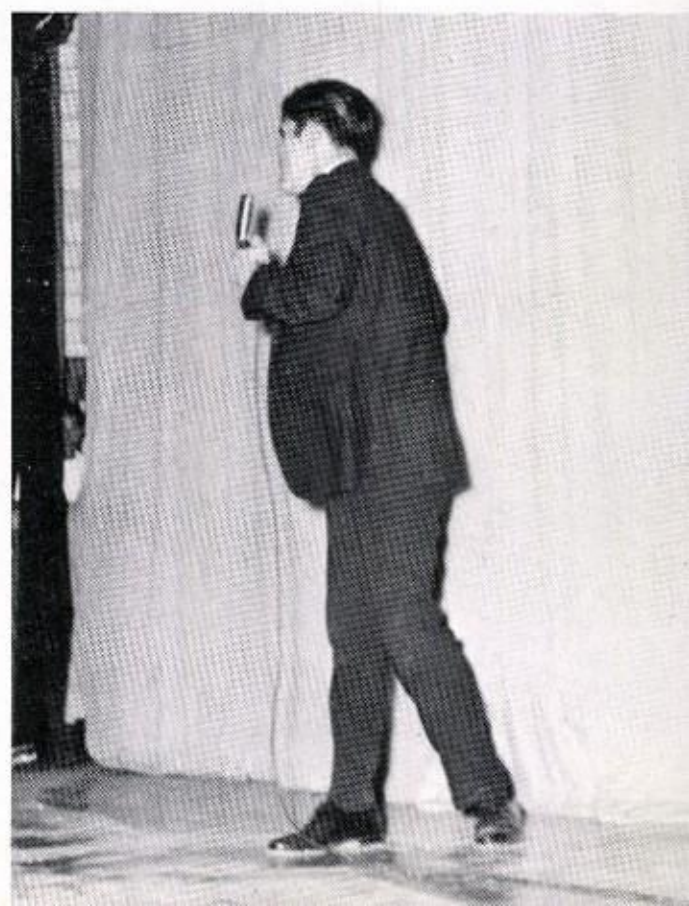

Alicia Mendoza, Juanita Pedroza, and Leticia Martinez, accompanied by Hector Ruiz at the guitar, sing Spanish favorites.

Gus tells his experience at night of hearing a jingling noise and the pitter patter of four feet.
